

BECOME A MEMBER of the FAU - SIEMENS RIE Office

About the FAU RIE Office

The Siemens RIE office at FAU serves as a direct interface between university researchers as well as students and researchers from Siemens. With the RIE-Program (Research and Innovation Ecosystem), Siemens supports longlasting partnerships with renowned universities, to cooperate in important research topics such as modern means of transportation and renewable energy.

Working Environment

- Siemens is the most relevant industry partner of FAU
- The position is located at the strategic project department of FAU
- There is a direct cooperation at Management Level with Siemens and all ecosystem partners (Fraunhofer, Zollhof, JOSPEHS, etc.)
- Key element of the partnership are strategic (research) projects

Job Description

- Preparation & participation in meetings with high level industry representatives
- Event coordination (e.g. RIE Conference w/ Roland Busch & Joachim Hornegger, FemTechTalk,..)
- Creation of research profiles
- Marketing and Web development (Wordpress)

Requirements

- Enrolled student @FAU
- Up to 5 hours per week available – remote
- Experienced in MS Office, in particular Microsoft Power Point & Microsoft Excel
- German and fluent in English (min. B2 Level)
